First Quarter Report Card

SUBJECT	GRADE
Recycling Printer Cartridges <u>Comments:</u> Great Effort! SFX parents are sending in so many cartridges, that the GGG recruited THREE more members to recycle them at Staples. These conscientious, hard-working volunteers have already recycled 150 printer cartridges at Staples, compared to 79 at this time last year!	A++
Recycling Glue Sticks <u>Comments:</u> Students are taking an active role in recycling their glue sticks. Together, the students recycled 143, which is right on track with last year. Mrs. Gorman's class is the star recycler, with 49 glue sticks! Mrs. Plute's class recycled 20 and Mrs. Esterberg's class recycled 14. We know that the students can use their outstanding creativity to find a way to recycle EVERY glue stick at SFX.	S
Recycling Entenmanns Pouches <u>Comments:</u> The GGG just shipped a very large collection of pouches to Terracycle. Plans are underway for a collection bin in the SFX cafeteria. This will enable Entenmanns lovers to recycle their own pouches at lunch time.	A
Recycling Crayons <u>Comments:</u> Old, used crayons are filling collection boxes around the school. SFX students know that crayons don't get thrown away, they are melted into new "crazy crayons". The way to get an "Outstanding": use up your crayons and sharpen them when they are dull. Recycle them when they are small and used up.	S

GGG is the Go Green Group: Mickie Getz, Terri Lika, Annie Brunkholz, Cynthia Carrick, Heather Sladky, Anna Wise, Natalie Boothe, & Jacqueline Wuensch-Knierim
